Refined for living

A coastal landscape at sunset. The sky is a mix of dark blue, purple, and orange. The ocean is calm, reflecting the colors of the sky. In the foreground, there are large, dark rocks. A modern, rectangular building with a flat roof and vertical slats is built on one of the rocks. The building is illuminated from within, casting a warm glow. The overall mood is serene and contemplative.

Materials and surfaces

With the choice of four materials and two distinct surface finishes, you have a range of options to perfectly suit your favourite interior style

Polished surface

Silk surface

Excellent performance

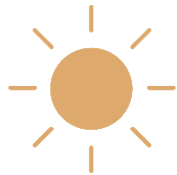

SCRATCH RESISTANT
Extremely durable and resists scratches from daily wear and tear.

HEAT RESISTANT
Hot pots can be placed directly on the countertop without any risk of burning the surface.

WATER RESISTANT
Extremely low absorption resists water and other food related liquid stains.

UV RESISTANT
Colors will not fade when exposed to sunlight.

EASY TO CLEAN
Requires no regular maintenance. Simply wipe clean with warm water and mild soap.

STAIN RESISTANT
Ultra-high density resists staining from coffee, tea, oil, wine, and citrus fruits.

Scan Granitt, Norway

- The fabricators supplier has experienced growth in Lundhs' materials, as well as other materials
- Lundhs has increased market share from 11 to 15% in a market where natural stone in general loses shares to artificial materials
